**Designed for the application of transfers** to all types of headwear and small garments, the **Beta Cap/ Pocket Combo Press** features our renowned Digital Controller for the accurate pre-selection of both time and temperature.

**The position of the base platens are adjustable**, to suit different styles of cap and garment.

**The Beta Cap/ Pocket Combo Press** combines two heads that can be interchanged in a matter of seconds via a simple locating knob, with electrical connections on a plug-in lead. This design innovation greatly simplifies all aspects of head replacement.
