The Studio 'EZ'-5 Station Multi Mug is a high quality, technologically advanced manual Mug press, it has been designed for the application of transfers to most types of Mug.

The Studio 'EZ'-5 Station Multi Mug is microprocessor controlled for time and temperature accuracy and ease of operation.

Each of the 5 individual mug heating elements of the Studio 'EZ'-5 Station Multi Mug are independently controlled to allow concurrent operation, providing a fast and efficient production of all white ware and porcelain mugs.

- Supplied Large Standard 11oz, 15oz or 10oz mug heat elements: accommodates Ø-75 – 90 mm mug
- Supplied Small Standard 6oz, 9oz or 10oz mug heat elements: accommodates Ø-60 – 75 mm
- Wide opening area for ease of placement of Mugs
- Fingertip pressure control
- Manufactured and tested to comply with EC safety regulations. CE labelled
- 12 month warranty on machine
- Full service/ spares support Manual supplied illustrates machine operation and exploded diagram and parts list. Full safety instructions
- Maximum working temperature 225°C +/- 0.5% (437°F +/- 0.5%)

Specifications

European Machine

Power consumption	1500 Watts
Power supply	220 Volts AC
Maximum working temperature	225°C
Display timer range	0 - 450 sec
Machine height open	36.5 cm
Machine width	82 cm
Machine depth	28.5 cm
Weight export packed	29 kg
Size export packed	45(L) x 93(W) x 37 cms(H)
Net weight	23.5 kg
Fuse	15 A

Email: service@aadkins.com, sales@aadkins.com • Web: www.aadkins.com**DIGITAL CONTROLS****Digital Controls**

Our specially designed microprocessor controllers give accuracy for time and temperature settings, vital with today's heat transfers.

**HEAT PLATES
SILICONE PADS****Heat Plates - Silicone Pads**

All heat plates are covered with a protective TEFLON® coating and many are made of cast aluminium (cast aluminium heat plates carry a life-time warranty). Quality silicone rubber base pads are used to provide excellent transfer results every time.

APPEARANCE**Appearance**

To maintain the good appearance of the press all cast frames are powder coated. This proven baking system will protect the machine from discolouration and minor knocks and scratches.

OPERATORS MANUAL**Operators Manual**

Full specification and operating instructions on all aspects of the machines, electrical diagrams, exploded diagrams and parts list are included with every machine.

SERVICE - PARTS**Service - Parts**

You can always speak directly to our service department technicians for any technical support or information. We also carry spare parts for all of our machine range.

ACCESSORIES**Accessories**

We offer a range of detachable tables for various other operations requiring special sized platens for example, umbrellas, bags etc.

CONTACT**Contact**

We are always here to help.

**QUALITY
ENGINEERING & SAFETY****Quality Engineering & Safety**

Each press is individually hand-built. All ADKINS machines are built to the highest standards, we use only the best quality components, they are all tested to comply with the various safety regulations from around the world.
