The **Studio Multi Mug Press** is made for quick and easy use and is ideal for medium production, printing images onto different shaped mugs.

The **Studio Multi Mug Press** is produced of cast aluminium for strength and durability.

The **Studio Multi Mug Press** features an easy to use microprocessor controller for time and temperature accuracy, with simple pressure adjustment and easy loading operation. This revolutionary press will accommodate five different size elements.

The **Studio Multi Mug Press** is supplied with a detachable wrap around heating element that will accommodate a Ø-80 mm large standard mug and (with optional elements at extra cost) will also allow the user to print high quality images onto large and small latte shaped mugs, smug mugs and smaller standard mugs.

Email: service@aadkins.com, sales@aadkins.com • Web: www.aadkins.com**DIGITAL CONTROLS****Digital Controls**

Our specially designed microprocessor controllers give accuracy for time and temperature settings, vital with today's heat transfers.

**HEAT PLATES
SILICONE PADS****Heat Plates - Silicone Pads**

All heat plates are covered with a protective TEFLON® coating and many are made of cast aluminium (cast aluminium heat plates carry a life-time warranty). Quality silicone rubber base pads are used to provide excellent transfer results every time.

APPEARANCE**Appearance**

To maintain the good appearance of the press all cast frames are powder coated. This proven baking system will protect the machine from discolouration and minor knocks and scratches.

OPERATORS MANUAL**Operators Manual**

Full specification and operating instructions on all aspects of the machines, electrical diagrams, exploded diagrams and parts list are included with every machine.

SERVICE - PARTS**Service - Parts**

You can always speak directly to our service department technicians for any technical support or information. We also carry spare parts for all of our machine range.

ACCESSORIES**Accessories**

We offer a range of detachable tables for various other operations requiring special sized platens for example, umbrellas, bags etc.

CONTACT**Contact**

We are always here to help.

**QUALITY
ENGINEERING & SAFETY****Quality Engineering & Safety**

Each press is individually hand-built. All ADKINS machines are built to the highest standards, we use only the best quality components, they are all tested to comply with the various safety regulations from around the world.
