The Studio Twin Mug Press is made for quick and easy use and is ideal for medium to high volume production.

The Studio Twin Mug Press features two vertical elements, controlled independently by two microprocessor digital controllers housed in one single unit, allowing accurate time and temperature control.

The Studio Twin Mug Press produces high quality images onto standard shaped mugs, large and small, with simple pressure adjustment and easy loading operation.

The Studio Twin Mug Press is supplied with two wrap around heating elements which will accommodate Ø-80 mm mugs and (with optional elements at extra cost) can accommodate smaller standard elements for Ø-72 mm mugs and smug mug elements.

Large standard mug element(s)
(accommodate Ø-80 mm mugs - Supplied)
Right handed - Part No. ASTM14/L
Left handed - Part No. ASTM11/L

Small standard mug element(s)
(accommodates a Ø-72 mm mug - Optional)
Right handed - Part No. ASTM14/S
Left handed - Part No. ASTM11/S

Smug mug element(s)
(accommodates a smug mug - Optional)
Right handed - Part No. ASTM14/coffee
Left handed - Part No. ASTM11/coffee

Specifications

European Machine

Power consumption	560 Watts
Power supply	230 Volts AC
Maximum working temperature	260°C
Display timer range	0 - 9999 sec
Machine height open	37 cm
Machine height closed	35 cm
Machine width	31 cm
Machine depth	35 cm
Weight export packed	14.5 kg
Size export packed	43(L) x 35(W) x 33.5 cm(H)
Net weight	13.5 kg
Supplied elements	Large standard - Ø-80 mm mug
Optional element(s)	See above
Fuse	3 A

Email: service@aadkins.com, sales@aadkins.com • Web: www.aadkins.com**DIGITAL CONTROLS****Digital Controls**

Our specially designed microprocessor controllers give accuracy for time and temperature settings, vital with today's heat transfers.

**HEAT PLATES
SILICONE PADS****Heat Plates - Silicone Pads**

All heat plates are covered with a protective TEFLON® coating and many are made of cast aluminium (cast aluminium heat plates carry a life-time warranty). Quality silicone rubber base pads are used to provide excellent transfer results every time.

APPEARANCE**Appearance**

To maintain the good appearance of the press all cast frames are powder coated. This proven baking system will protect the machine from discolouration and minor knocks and scratches.

OPERATORS MANUAL**Operators Manual**

Full specification and operating instructions on all aspects of the machines, electrical diagrams, exploded diagrams and parts list are included with every machine.

SERVICE - PARTS**Service - Parts**

You can always speak directly to our service department technicians for any technical support or information. We also carry spare parts for all of our machine range.

ACCESSORIES**Accessories**

We offer a range of detachable tables for various other operations requiring special sized platens for example, umbrellas, bags etc.

CONTACT**Contact**

We are always here to help.

**QUALITY
ENGINEERING & SAFETY****Quality Engineering & Safety**

Each press is individually hand-built. All ADKINS machines are built to the highest standards, we use only the best quality components, they are all tested to comply with the various safety regulations from around the world.
