How to adjust a micro switch

BETA MAXI/ MINI

Adjustment of micro switch

- **N.B.** Before undertaking any work, switch off the power supply to the machine and unplug the machine from the electricity supply
- **1.** Put the heat plate in the down position
- 2. Support micro switch Lever underneath, where button comes out from micro switch, with a finger (pic 1)
- **3.** Bend lever on micro switch downward, towards heat plate
- 4. Lift heat plate back into the up position and check that the micro switch Lever makes contact with the heat plate cover and resets the timer on the display
- 5. If the timer on the display does not reset repeat steps 2 to 4 until desired operation is acheived
